ADDITIONAL APPLICATION MATERIALS

1. **Statement of Intent (a 1 page description of your career goals and how this program can help you achieve those goals)**

2. **All applicants must contact a mentor of interest prior to submitting application in order to confirm mentor's availability and discuss a potential research project (a complete list of mentors is available on our web-site; if there is a Duke faculty member that you are interested in working with who is NOT listed on this list and the project is considered to fall into genomic medicine, we can submit an application for them to serve as a mentor for this program if you are selected). Please provide a brief description of the project below (we recognize this may change). If your application is favorably reviewed in the initial round, we will assist in scheduling an interview with mentor as part of the application process.**
